## Wednesday

16.00 – 17.00 **Registration**

17.30 – 19.00 **Welcome reception at City Hall**

## Thursday

| | Theatre/plenary room | Odyssee | La Fontaine | Trinidad | Sun room | Sky room | Smoking room/Grand Ballroom deck | Grand Ballroom |
|---|---|---|---|---|---|---|---|---|
| 09.00 – 09.45 | **Opening session: Pavlina Ivanik,** Machtold Huber, introducing a new vision on healthcare 2.0 | | | | | | | |
| 09.45 – 10.45 | **Plenary session I: LIMPRINT, international achievements, chair Neil Piller**<br>Invited speaker: Christine Moffett<br>Invited speaker: Peter Bonnes "Turkish LIMPRINT study"<br>Invited speaker: Peter Kremer "Observational Study" | | | | | | | |
| 10.45 – 11.15 | **Coffee/tea** | | | | **Coffee/tea** | | | |
| 11.15 – 12.15 | **Abstract session: QoL tools etc. Chair Aimee Auberlack**<br>How are Occupational Therapists practicing in the area of chronic oedema and lymphoedema in Ireland? (Emma O'Leary & Claire Hegarty)<br>Evaluation of the Lymphoedema Functioning, Disability and Health Questionnaire for Upper Limb Lymphoedema (Lymph-ICF-UL): Content and Reliability (Tonje Taj-Schaal)<br>Does the lymphoedema-Genitourinary Cancer Questionnaire (LENCQ) facilitate symptom disclosure from men? (Rhian Noble-Jones)<br>The Reliability and Validity of Lymphedema Quality of Life Questionnaire-Leg (LYMQOL-Leg) in Turkish Patients with Lower Limb Lymphedema (Merve Demirli) | **Abstract session: Breast cancer lymphoedema Chair Margaret McKenzy**<br>Local skin cooling to treat and reduce breast cancer-related lymphedema and fibrosis of the arm or breast (Jaan Ytter)<br>Validity and reliability of the breast edema questionnaire (BEQ) for the assessment and follow-up of breast edema (Ivanne Ivesteen)<br>Accuracy of a single measurement site for self-monitoring of patients with breast cancer at risk for lymphedema (Jackie Hiddleg)<br>Lymphedema Results of Alliance 23073 (American College of Surgeons Oncology Group [ACOSOG]) Self-reported Symptoms and Limb Volume Changes for Breast Cancer Survivors Treated with Neoadjuvant Chemotherapy and Axillary Dissection (Jane Armer) | **Abstract session: National initiatives, Chair Junko Sugama**<br>Developing a Dedicated Lymphedema Clinic: The Impact on the Population of Qatar (Emad Abdella)<br>Perceptions of living with lymphedema in Singapore (Elizabeth Hahai Chan)<br>Results and Tolerance of Compression therapy in a tropical environment (Arun Gupta)<br>Lymphoedema Awareness in International Health and Development (Tamara Kosevic) | **Abstract session: Therapy general Chair Wouter Hoeijen**<br>**Invited speaker: Dorit Tidhar "Lymphedema, A Significant Health Problem in Israel - a community-based study "**<br>**Invited speaker: Dorit Tidhar "The meaning of success in lymphedema management: a qualitative and a quantitative perspective"** | **Abstract session: Service development & review Chair Robert Damstra**<br>The Development of Lymphoedema Network Wales (Melanie Thomas)<br>The Demographic Properties of the Patients Referring to Lymphedema Unit in a University Hospital (Pinar Bermen)<br>**Abstract session: Paediatric & primary**<br>Lymphatic Anomalies in Cardio-Facio-Cutaneous Syndrome (RASopathy): Case Report of Three Paediatric Cases and a Review of the Literature (Meteor van Huijbetem)<br>An Evaluation of a Paediatric Lymphoedema Service – A Family Centred Approach (Elizabeth Cregan) | **C MAbstract session: Assessment Chair Hiromi Sanada**<br>The incidence and detection of Plantar oedema (Jane Wigg)<br>Lymphedema: usefulness of the Echo-colour-Doppler diagnostics (Marina Cecioni)<br>Versatility of Indocyanine Green Fluorescence Lymphography in the Outpatient Setting (Kinou Suami)<br>Venous congestion and lymphovenolymphatic congestion and lymphoedema (Alex Munnich) | **Workshop: Yoga (2 hr)**<br>Yoga exercises for upper limb (breast cancer related) lymphoedema | **Abstract session: Surgery for lymphoedema Chair Hilkan Brorson**<br>**Invited speaker: Harry Vasstan "The surgical management of lymphoedema: the Dutch experience"**<br>Futures and limits of surgery in primary and secondary lymphedema (Sandro Michelini)<br>The impact of Lymphatic Venous Anastomosis (LVA) surgery at the British national centre (Roder Ibrahim) |
| 12.15 – 13.00 | **Lunch** | | | | | | | |
| 13.00 – 14.00 | **Poster session** | | | | **Poster session** | | | |
| 13.00 – 14.00 | **Sponsored session**<br>**Symposium (BSN)**<br>**"Impact of seamless compression garments on limb functionality, comfort and quality of life", Dr. Anya Miller - Private Practice, Bad Homburg, Germany and Prof. Stefan Hahn - Bonn, Germany**<br>**"Making night time compression comfortable using"**<br>**Justine Whitaker - Director & Nurse Consultant Northern Lymphology Ltd, Senior Lecturer University of Central Lancashire, UK**<br>**"ZIBLIT® Relax as pediatric solution – case study on a 4 year old"**<br>**Mirelle Laurel-Roemers – Physical Therapist, co-owner OOFG, teacher at the NPI, school for orthotics physiotherapists, Netherlands** | **Sponsored session**<br>**Symposium (3M)**<br>**J Ayers, many possibilities**<br>**"Using a 2 layer compression bandage as part of a lymphoma treatment plan" Dr Anya Miller - Germany**<br>**Tim De Cock - Physiotherapist & Lecturer at Vrodelv School BE NL**<br>**"How a 2 Layer Compression System can aid in self bandaging" Denise Hanly - Kendal Lymphology Centre (UK) clinical nurse specialist.**<br>**Joyce Bosman - Oedema Therapist LOF Groningen (NL) - TBC** | **Workshop InBody**<br>**The use of Bioelectrical impedance analysis in lymphedema by Ai Lan Susse** | | | | | **ICC** |
| 14.00 – 15.00 | **Abstract session: Therapy general Chair Susan Nørregaard**<br>**Invited speaker: Dorit Tidhar "Lymphedema in heart failure patients "**<br>ICF Core Sets for lymphedema in daily practice: a case report (Peter Viehoff)<br>Eating to Starve Lymphedema (Chuck Dirkhi) | **Abstract session: Surgery for lymphoedema Chair Harry Koerstra**<br>**Invited speaker: Alex Munnich "Quality of life after the surgical management of lymphoedema"**<br>Choice of Lymphatic Microsurgery Procedure Guided by Pathological Transport Index on Lymphoscintigraphy (Corradino Campisi)<br>Lymphatic Vessel Sparing Liposuction for Advanced Stages of Peripheral Lymphedema (Corrado Cesare Campisi) | **Abstract session: Assessment Chair David Keast**<br>Imaging of lymphatic and interstitial space in lymphedema-necessity to use combined methods (Waldemar Olszewski)<br>New infrared Lymphofluoroscopy Imaging (NIRLFI) - Outcomes and drainage pathways from our first 60 UK patients (Jane Wigg)<br>Early detection of secondary lymphedema after cancer treatments (Jean-Paul Belgrado)<br>Lymphoedema: Usefulness of the Echo-Colour-Doppler Diagnostics (Marina Cecioni) | **Abstract session: Breast cancer Chair Nicole Stout**<br>Axillary limb Syndrome, Breast Pain, Swelling and Seroma appearing Seven Months Post Lumpectomy and Radiation (Lillian Bruche)<br>Feasibility of conducting RCT of effectiveness of treatment for women presenting with early untreated breast cancer-related arm lymphedema (Jane Armer)<br>Evaluation of the reliability of four measuring methods of hand's perimeter and volume - Buoyancy Forces VolGrabb System, circumference measurement, figure-of-Eight Method and MancuImetria Scanner (Sophie Vanliershouse) | **Workshop: "Comprehensive approach for assessing chronic oedema"**<br>Does oedema predict pressure ulcer development among inpatients? Analysis using medical big data in an university hospital (Yasuki Ichihashi, Hiromi Sanada)<br>**Prevalence and impact of chronic oedema in Japan (invited speaker Prof. Junko Sugama)**<br>How do we assess oedema by pitting test? (Dr. Aya Sato)<br>**Ultrasonography, thermography and skin blotting as a new assessment method for cellulitis with lymphedema: A case study**<br>**Invited speaker: Dr. Misako Goi**<br>Biomarker for identifying lymphatic injury using skin blotting technology (Dr. Goshi Nakagami)<br>A possible biomarker for lymphatic injury detected by skin blotting technique: An experimental study in pressure ulcer model mice (Goshi Nakagami) | **Abstract session: Self- management Chair Nele Devoogdt**<br>**Invited speaker: Sue Gordon "The challenges of self-management in lymphoedema"**<br>Towards Lymphoedema Self-Management: A Qualitative Systematic Literature Review (Tohishi Koganaiya)<br>Reducing Compression Garment Waste, Harm and Variation in Lymphoedema Services in Wales (Melanie Thomas) | **Workshop: Yoga (2hr)**<br>Yoga exercises for Lower Limb (Primary and secondary) lymphoedema | **ICC**<br>Standardization of a pressure-measuring device for optimizing lymphedema treatment with compression garments H.Brorson<br>Effect of subcutaneous pressure on interface pressure measurement during compression therapy Y.W.Chi<br>Monitoring of edema treatment by electronic device H.J. Thomae<br>Combining IPC with static compression treatment to improve patient's compliance using innovative smart materials D.Zelka<br>Good Buy slipgage - a new fusion to tackle bandage slippage on the foot A.Nilsson, J.Damm<br>A new sub bandage measuring device S.Kravitz |
| 15.00 – 15.30 | **Coffee/tea** | | | | **Coffee/tea** | | | |
| 15.30 – 17.00 | **Plenary session II: Children Chair Robert Damstra**<br>Invited speaker: Kristiana Gordon "Primary lymphoedema: a diagnostic algorithm"<br>Invited speaker: Isabelle Quéré "Cellulitis in children with lymphoedema"<br>Invited speaker: Aimee Auberlack "A mixed method study to explore the perceptions of self-management in children with lymphoedema: research and methodology - the ICC research initiative" | | | | | | | **ICC**<br>**Working groups**<br>International Compression School: A new ICC initiative G. Mosti, H. Partsch<br>How to measure the pressure: J.Schuren<br>ICC: M.Klossners |
| 17.00 | | | | | | | | |

## Friday

| | Theatre/Plenary room | La Fontaine | Odyssee | Trinidad | Sun room | Sky room | | Grand Ballroom |
|---|---|---|---|---|---|---|---|---|
| 09.00 – 10.30 | **Plenary session III: Obesity in Lymphoedema Chair Vaughan Keeley**<br>Invited speaker: Tobias Bertsch "Lymphoedema in obesity: Clinical management and outcomes"<br>Invited speaker: Baltak Mehtiyev "Obesity, inflammation and lymphatic dysfunction" | | | | | | | |
| 10.30 – 11.00 | **Coffee/ tea** | | | | **Coffee/tea** | | | |
| 11.00 – 11.45 | **Abstract session: Cancer related lymphoedema Chair Jane Armer**<br>**Invited speaker: Nicole Stout "Oncology rehabilitation and secondary lymphoedema: the prospective surveillance model"**<br>The prevalence, incidence and quality of life impact of lymphoedema after treatment for vulvar or vaginal cancer (Elise Gane)<br>Distress and self compassion among women with cancer-related lymphoedema in Australia (Melissa van Zanten)<br>The incidence and effects of lower limb lymphedema in women treated for gynaecological cancer in South Africa (Lize Meiner)<br>Effect of Nordic Walking on the upper limb volume in normal and BCRL women (Jean-Paul Belgrado) | **Abstract session: Surgery for lymphoedema Chair Alex Munnich**<br>**Invited speaker: Hilkan Bronson "Liposuction in lymphedema patients – a 25 years' prospective study without recurrence"**<br>Microsurgical procedures for unresponsive groin lymphocele associated to leg lymphedema (Sara Devaviv)<br>Super-microsurgical lymphaticovenous anastomosis (LVA) for pulsed lymphedema secondary to hip replacement (Guido Giacobino)<br>Lymphedema of lower limbs can be successfully controlled by implanted silicone bypass tubings (Waldemar Olszewski) | **Abstract session: Therapy general Chair Sue Gordon**<br>**Invited speaker: Margareth McNeeley "The role of exercise in the management of lymphoedema"**<br>Randomised study to compare efficacy of short-stretch bandage systems from KOB with locally used Cotton Crepe bandages in the treatment of lower limb lymphoedema (Arun Gupta)<br>Hydromechanics of edema fluid under elastic material compression (Marzanna Zolotas)<br>The effect of compression with a non-elastic compression device in patients undergoing a total knee arthroplasty, compared with usual care. A pilot study with 38 participants (Ad Heeskricks)<br>What do women want and practitioners expect from lymphoedema treatment? (Eunice Jeffs, UK) | **Abstract session: Lipoedema Chair Wilfried Schmeller**<br>**Invited speaker: Dorit Tidhar "Aqua lymphatic therapy in the management of lymphedema and lipoedema"**<br>Quality of life in relation to physical activity in patients with lipedema (preliminary results) (José van Esch-Smeenge)<br>Upper Extremity Lipedema (Type IV) in a Male Patient: A Case Report of a Rare Condition (Alper Tuğrul)<br>Lipedema and metabolic disease (Sandro Michelini)<br>Review Lipoedema guidelines (Ellen Kuijper-Kuijt) | **Abstract session: Framework initiatives & Education Chair Margaret Sneddon**<br>On the Ground Education Project results and recommendations (Karen Morgan)<br>American Lymphedema Framework Project (ALFP) Open-space Stakeholder Meetings: Aiming to Shape the Future of Lymphedema Care in the United States and the World (Jane Armer)<br>Creation of an ELearning Lymphoedema Module (Karen Morgan)<br>How Lymphedema Compression Bandages, Garments, Devices and Supplies Should be Covered by Medicare as Prosthetic Device Benefits (Robert Weiss)<br>Development of the Chronic Oedema "Wet Leg" Pathway and educational Film to support implementation (Karen Morgan)<br>Passion,what are the reasons health care professionals loose their passion and how to find it (Jane Wigg) | **Abstract session: Self-management Chair Kristiana Gordon**<br>**Invited speaker: Nicole Stout "Guidelines for self-management of lymphedema"**<br>Using Technology To Improve Lymphoedema Self Care (Melanie Thomas)<br>Evaluating the Tripollo Movement System within a lymphoedema self-management programme: a mixed-sector service development initiative (Anne Williams)<br>Keys to enhance patients adherence to compression therapy (Joseph Herfouche)<br>A perspective on addressing patient-reported barriers to lymphedema self-bandaging by utilizing the therapeutics of | | **ICC**<br>Epidemiology of chronic edema C. Moffatt<br>Edema is more than excess of fluid W. Olszewski<br>Every kind of edema is lymphedema V.Keeley<br>Contradiction and special precaution for compression in chronic edema E.Rabe<br>Compression materials in chronic edema F.Schingale<br>Self management in lymphedema K. Damstra |
| 12.15 – 13.00 | **Lunch** | | | | | | | |
| 13.00 – 14.00 | **Poster session** | | | | **Poster session** | | | |
| 13.00 – 14.00 | **Sponsored session**<br>**Symposium (medi) Compression under pressure** | **Sponsored session**<br>**Symposium (Bauerfeind) Treatment of patients with lymphedema , Speakers:**<br>**Christine Moffett: "Concordance in compression therapy";**<br>**Wiebah Ahmad: "Extreme lymphedema of lower extremities"** | | | | | | |
| 14.00 – 15.00 | **Abstract session: Assessment Chair Marina Cestari**<br>**Invited speaker: Nele Devoogdt "Clinical diagnosis of lymphoedema (Lymphofluoroscopy)"**<br>Effectiveness of IPC can be shown in NIRF ICG lymphography (Yoshitaka Mori)<br>Exploring 3D Scanning Technology in Lymphedema for Accurate and Fast Measurements of Volume and Shape (Cheryl Mac)<br>Analysis of unilateral upper limb lymphedema using a 3D camera (Raoul van Loon) | **Abstract session: Therapy general Chair Jean Paul Belgrado**<br>Patient Experience of Lymphoedema Care (David Keast)<br>Development of lymphoedema MDT and Complex Clinics (Cheryl Mac)<br>Prevalence of local oedema surrounding diabetic foot ulcers (Mirella Basile)<br>A new device to improve skin tissue oxygenation: the next generation of portable rehabilitation boots? (Justine Whitaker) | **Abstract session: Surgery Chair Hiroo Suami**<br>Advanced postmastectomy lymphedema is successfully treated uti stricone tubing arm pit bypasses (Waldemar Olszewski)<br>SPECT/CT lymphoscintigraphy for lymphatic venous anastomoses in lymphedema (Hiroo Suami, Australia)<br>Debulking surgery for lymphedema - 13 years experience with liposuction (Alex Munnich)<br>Treatment of recurrent lymphocele and severe lymphorrhea after oncologic surgery (Guido Giacobino) | **Abstract session: Therapy general Chair Sandro Michelini**<br>**Invited speaker: Margareth McNeeley "Nighttime compression"**<br>Impact of 12 weeks of intermittent Pneumatic Compression (IPC) on the quality of life of patients with lower limb lymphoedema (Neil Piller)<br>LiteRcell- tissue massaging device - tissue events directly observed during massage (Waldemar Olszewski) | **Abstract session: Lipoedema Chair Susan Nørregaard**<br>Comparison of Dietetic Values of Patients with Lipedema and Those with Lower Limb Lymphedema (Alper Tuğrul)<br>A health profile in patients with lipedema (José van Esch-Smeenge)<br>Does tumescent liposuction diminish the lymphatic function in the legs of lipoedema patients? (Robert Bosmen)<br>**Abstract session: Prevalence**<br>Filariasis Incidence Estimation based on a Household survey for long term effects in an Endemic Area in India (Arun Gupta) | **Workshops**<br>Dorit Tidhar "The meaning of success in lymphoedema management: qualitative study and a systematic review on quantitative outcome"<br>Irene Zonderland & Ad Hendrikx "Applicability and added-value of the concept op Positive Health in patients with complex lymphedema" | | **ICC**<br>What compression pressure to treat edema G.Mosti<br>Importance of stiffness for edema reduction M.Neumann<br>Compression pressure effect on lymphatics L.I.P.Belgrado<br>Optimal intermittent pneumatic compression in lymphedema M. Szlezka |
| 15.00 – 15.30 | **Coffee/ tea** | | | | **Coffee/tea** | | | |
| 15.30 – 17.00 | **Plenary session IV: Lipoedema Chair Neil Piller**<br>Invited speaker: Tobias Bertsch "Lipoedema facts and fiction"<br>Invited speaker: Stanley Rockson "The role of inflammation in lipoedema"<br>Invited speaker: Wilfried Schmeller "Liposuction for lipoedema" | | | | | | | Compression in chronic oedema- Orthopedic aspects or venous edema- Th. Noppeney<br>Prophylactic compression after breast cancer surgery K. Ochalek<br>Comparison of handling, pressure and wearing comfort of different compression devices for decongestion therapy K.Preis<br>Treatment protocol on stasis edema in gocrly mobile nursing home residents JF.Bonnet<br>Which compression for mild to moderate C3 patients ? D.Raabe<br>Compression to reduce edema in a patient with arterial occlusive disease C.Kuschke |
| 17.00 | | | | | | | | |

## Saturday

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 08.00 – no-on | **MEDI RUN** | | | | | | | |
| | | **Patient day** | | | **Children day** | | | |
| | **Theatre/Plenary room** | **La Fontaine** | **Odyssee** | **Trinidad** | **Sun room** | **Sky room** | **Smoking room/Grand Ballroom deck** | **Grand ballroom** |
| 09.30 – 11.00 | **Plenary session V: Novel treatment & Outcome measures Chair Mansaert Sneddon**<br>Invited speaker: Stanley Rockson "Novel treatments for lymphedema: Targeting inflammation and adhesion"<br>Invited speaker: Christine Moffett "Update on ILF Outcomes project"<br>Invited speaker: Isabelle Quéré "ILF Childrens project" | 9.30-9.45 Opening of Patient Day with Lymph-kids and paralympic athlete<br>9.45-10.05 Paralympic athlete motivational speech: how to get from drama to dream.<br>10.05-10.30 Plea for better understanding and interaction between patient and professional (Janne Oskarn NL) | | | **Childrens & parents day (Journey through the lymphatic system)**<br>Journey through the lymphatic system game | **Childrens & parents day (Journey through the lymphatic system)**<br>Flower painting by Lilse Griffioen<br>Edema and moving (Anouk van Meer & Inge Rijkinbeugle) | **Children Outcomes meeting** | |
| 11.00 – 11.30 | **Coffee/tea and Fashion show** | | | | | | | |
| 11.30 – 12.45 | **Abstract session: Therapy general Chair Dorit Tidhar**<br>**Invited speaker: Nele Devoogdt "The role of manual lymph drainage (MLD) in the prevention and treatment of lymphoedema: the research evidence"**<br>Filling on the pressure - Proviel? (Janet Massey)<br>Effect of decongestive lymphatic therapy on dermal backflow pattern visualized by lymphofluoroscopy (Sarah Thorns)<br>Treatment algorithm for management of lymphedema (Kenley Lincoln) | **Lymphedema**<br>Pain & the Brain, Barriers for self-management (Annemarieke Fleming, NL)<br>Living technology to improve lymphoedema self care (Melanie Thomas, UK)<br>Living with lymphoedema based on the new definition of health (Stef Slevquest, NL)<br>How to live a self managing life with lymphoedema? (Sarah Inserro, FR) | **Lipoedema**<br>Lipoedema research; first results<br>Results of Spoedema survey Lipoedema UK (Stacie Fetzer, UK)<br>Review lipoedema guidelines (Ellen Kuijper, NL)<br>Quality of life in relation to physical activity in patients with lipedema (preliminary results) (José van Esch-Smeenge, NL) | **Abstract session: Breast cancer lymphoedema Chair Wouter Hoeijen**<br>A Prospective Study on the Impact of Ipsilateral Intravenous Chemotherapy Infusions on the Risk of Breast Cancer-Related Lymphedema: Implications for Current Guidelines (Mahrous A.<br>Compression treatment for arm lymphedema following breast cancer treatment, RCT study. Preliminary results (Karin Johansson)<br>Proprioception sense in lymphedema affected upper limb (Sandro Michelini)<br>Assessment of armlymphedema using tissue dielectric constant (TDC) technique in patients previously treated for breast cancer without arm lymphedema (Jane Armer)<br>Range of Motion (ROM) Outcomes among Women Receiving a Lymphedema-prevention Intervention Following Axillary Node Dissection for Breast Cancer Treatment: (Alliance) CALGB 70305 | Moving with edema is performing top-sport with Joke Griffioen.<br>Small games for children with Jolande<br>Kickboxing with edema: kickboxer Alex van Suffelen will perform a practical workshop about moving with edema (kickboxing set to your style and aesthetic. (Sylvianne) | Art around edema- workshop "Make a Compression Artwork" artist Rob ten Broek (Sylvianne)<br>Art around edema- workshop dress yourself and/or pimp your (old) stocking- artist Rob ten Broek. (Sylvianne) | | **Abstract session: Breast cancer lymphoedema Chair Tobias Bertsch**<br>The Efficacy of Phase 1 Complete Decongestive Therapy in a Combined Manner in Breast Cancer-related Lymphedema Patients: Relationship with Functional Status and Quality of Life (Pinar<br>Assessing the presence of breast lymphoedema following breast cancer treatment: Preliminary results (Katie Riches)<br>The Association of Upper Extremity Symptoms and Breast Cancer-Related Lymphedema (BCRL): A Longitudinal Analysis of Subjective and Objective Data. (Cheryl Brunelle) |
| 12.45 – 13.30 | **Lunch and Fashion show** | | | | | | | |
| | | **Patient day** | | | | | | |
| 13.30 – 15.00 | **Plenary session VI: Cellulitis Chair Babak Mehrara**<br>Invited speaker: Vaughan Keeley "Guidelines for managing cellulitis and research priorities"<br>Invited speaker: Robert Damstra "Compression in cellulitis"<br>Invited speaker: MG Agathiyo "Cellulitis in lymphatic Filarisis" | **Primary lymphedema**<br>An evaluation of a paediatric lymphoedema service - a family centred approach (Elizabeth Coveney)<br>How to take care of patients with paediatric lymphedema (sisterzes Veldkamp)<br>Implementation of right compression in the management of lymphedema in daily practice (Andrea Brenger, UK)<br>Lymphedema of lower limbs in 35 primary lymphoedema (Lisanne Stone en Joost Mulders, NL) | **Secondary lymphedema**<br>Distress and self compassion among women with cancer-related lymphedema in Australia (Melissa van Zanten, AU)<br>The prevalence, incidence and QoL impact of lymphoedema after treatment for vulvar or vaginal cancer (Elise Gane, AU)<br>What do women want and practitioners expect from lymphoedema treatment? (Eunice Jeffs, UK) | **Lipoedema**<br>Pain & the Brain, Barriers for self-management (Annemarieke Fleming, NL)<br>Lipoedema Workout (launch of the movie) (Barbara Boots and Mayret Suijmans, NL) | Workshop "kid me anything" for children without their parents, easy going game, guided by Ed Hunt (game coach), Carla Ramsey (skin therapist) and Mirelle Laurel (edema physical therapist). (Sylvianne) | Travel through the lymphatic system- workshop-choices on board. (Sylvianne) | | |
| 15.00 – 15.30 | **Coffee/tea** | | | | | | | |
| 15.30 – 16.30 | **Closure**<br>**ICC & Mini closure announcement of ICC 2025** | | | **Care in the future**<br>**Panel: meet the professional**<br>**Closure of Patient Day with catwalk Lymph-kids** | | Finding up the 'Journey through the lymphatic system game' by counting all points, receive their certificate and their goodie bag.<br>Small talks, checking/finishing makeup for the catwalk<br>Gathering with your piece of art, prepared stocking, colored swollen/edema arm, candle for the catwalk!<br>Plenary ending of the patient day with short catwalk where the children show their progress of the day. | | |
